

Horse Hair Infused Glass Beads

Exquisite Horse Hair Designs and Juniper Ridge Artworks' would be honored and privileged to memorialize and forever keep your special horse companion, favorite animal or loved one with you.

Juniper Ridge Artworks' developed a unique process of infusing hair into glass beads. The master glass bead designer shapes the glass beads and then infuses the hair (or ash) into the bead. This process causes the hair to bubble, changing the hair into ash. Each bead is one of a kind, as a result spectacular colors and designs are created.

Choose from our exquisite collection of earrings, necklaces and horse hair bracelets.

Exquisite Horse Hair Designs and Juniper Ridge Artworks' hope you enjoy wearing their uniquely handcrafted infused glass bead jewelry as much as they enjoy creating and designing the jewelry for you.

Custom Horse Hair Bracelets

CUTTING, PREPARING & PACKAGING INSTRUCTIONS

Exquisite Horse Hair Designs is honored that you are allowing us to help memorialize and forever keep your horse or pony with you. Please do not hesitate to call or email us with any questions.

Listed below are specific instructions for collecting, preparing and packaging of the horse's tail hair.

1. We will wash and sanitize all horse hair. Please do NOT wash or condition the hair. Simply brush out the tail. Do not send mane hair.
2. Do not cut hair from a horse that has a very short or thin tail.
3. The longest hair is generally found at the tip of the tail bone, in the center of the tail. This will be the best hair for creating your jewelry. This is the area that you will be cutting hair from. Always cut from the underside of the tail, close to the tail shaft, which will make the cuts almost invisible.
4. Gather the hair and separate a small amount. Bundle (2) half inch sections (with rubber bands provided in ziplock bag). We would prefer that you send a generous amount of hair.
5. Remember the minimum length we need for bracelets and anklets is 12" and for double wrap bracelets is 18". Note: You will need to cut enough usable hair at these lengths to be able to make the bracelet.
6. Taking your scissors, while holding the horse hair tightly, cut the hair from the tip of the tail shaft. IMMEDIATELY bind hair with a rubber band, keeping the cut ends even.
7. Loosely coil the bundle of hair and place it into a large ziplock bag. Do not braid, fold, kink or knot the hair.
8. When ordering custom bracelets, prices vary according to the design. There is an additional \$20 fee for all custom bracelets and anklets.
9. Please refer to the following page for instructions on the sizing for your custom bracelet or anklet.
10. Place the order form inside the ziplock bag.

NOTE: If you would like any excess hair returned to you please let us know. If there is not sufficient usable hair, let us know if it will be acceptable for us to add additional hair.

CUSTOM BRACELET SIZING

Please send or email us the following information:

- Using a cloth measuring tape, measure your wrist just above the wrist bone.
- Please include if you would prefer a form fit bracelet or a looser style, similar to the bangle bracelet.

If you are ordering the bracelet as a gift, please use the following guidelines

- Child size – 6 inches
- Average woman size – 7 inches
- Large bone woman size – 8 inches
- Men's size varies, usually – 8 to 9 inches

ANKLET SIZING

Average anklet size is 9 inches, this size allows the anklet to fit loosely. For custom anklets, measure above the ankle bone.
